EVERYDAY SEAFOOD RECIPES

65 Quick & Easy Dishes

From the Award-Winning Dish on Fish blog
Sponsored by the National Fisheries Institute
Introduction

We launched the Dish on Fish blog in 2016 because we wanted to show you how easy it is to create a healthy and delicious seafood dish in your own kitchen. Since then we’ve created more than 65 recipes, including many video recipes, featuring seafood for breakfast, lunch, snacks and dinners. We eat with our eyes first so every recipe includes a mouth-watering image or fun video. Many of the recipes include pantry staples - and all are pescatarian-friendly. We are big fans of keeping frozen, canned and pouched seafood on hand—because it makes it so easy to include seafood in your meal plan at least two or three times a week per the recommendations from the Dietary Guidelines for Americans.

Since our goal is to have you cooking more seafood, we have included a lot of seafood techniques that make cooking it a cinch. The results that will make you think you deserve your own cooking show. We also included recipes featuring two of our favorite seafood-friendly appliances—the Instant Pot and the Air Fryer. We think you’ll love the ease and convenience of these recipes!
Every recipe has been thoughtfully created or approved by nationally recognized registered dietitian Rima Kleiner, MS, RDN.

We want to thank our friend Barton Seaver for his generosity and for giving us permission to reprint “Grilled Whole Sardines with Charred Rosemary Vinaigrette” from his cookbook *The Joy of Seafood*.

We hope you enjoy these recipes and that they provide you with endless good times with family and friends around your table.

A Foreword

One could say that I’m pretty well made of seafood. My parents took me to Washington DC’s bustling Maine Avenue Seafood Wharf starting when I was still in utero and my love affair with all things salty, scaled, and shelled has only grown ever since. I’ve certainly made my career off of sourcing, serving, celebrating, and espousing the virtues of seafood. And now, I’ve hooked every member of my growing family. As my life has shifted, as have so many others, towards the home kitchen, seafood has become an even more important part of every aspect of my life. For cod’s sake, I named my sons “Kid Squid” and “Little Mackerel.” (I’m just kidding but those are their working names.) I spend so much of my days teaching others about seafood, through writing, webinars, our Seafood Literacy online course, and thus I so greatly appreciate the effort before you in this cookbook.

And moreover, a recipe doesn’t help if we don’t have the ingredients. And thus I appreciate the members of the National Fisheries Institute for all that they do to bring seafood into our lives.

Seafood is important. From an economic standpoint, both farmed and wild seafood production provide incredible opportunities for people all across this mostly blue planet. According to the UNFAO roughly 1 in 12 people globally are wholly dependent on seafood for their livelihood. And as our human population grows and we face the challenges of our modern world, it is clear that sustainably producing seafood will be an ever more important means for us to achieve thriving human communities.

From a human health perspective, seafood is a clean, lean protein option, providing a host of essential vitamins and minerals, and is an outstanding choice for our families’ tables. In light of a global pandemic, and the ongoing epidemics of obesity, diabetes, and heart disease, turning our attention to wellness through the plates we serve has never been more important. And when you consider the importance of Omega 3 fatty acids, which seafood provides more so than any other animal protein, it’s not a stretch to say that it is a moral imperative that we ensure seafood is on our tables at least 2-3 times per week.

From an environmental perspective, as a center of the plate animal protein, seafood is among, if not the, most sustainable of any of the options we have. As we see global wealth and populations rise, and demand for animal protein increase, it makes sense that we turn our attentions to the ocean to provide for our human needs.
And as far as our culinary attentions are concerned, simply put, there is no ingredient category more interesting, more delicious, or more inspiring, than seafood. As a chef, I have never been anything less than excited by what oceans, lakes, and rivers have to offer. And as a home cook, I understand that putting dinner, lunch, and breakfast on the table seven days a week can be a heavy lift. I’ve found that seafood is the perfect antidote (not only to our health concerns) to menu fatigue. Let’s take salmon for example: likely you serve this fish pretty often. But have you taken time or opportunity to explore how diverse this category alone can be? Salmon encompasses five incredible wild species, each with their own unique personalities, and farmed salmon comes to our tables from all over the world, each provenance and producer offering a different take on a traditional favorite. I consider it to be just like wine: sure you’ve had cabernet, but no two wineries produce an identical product, right? That’s why wine is such a compelling culinary experience, as too with salmon. Tuna: another of our favorite ingredient offers us the richness of Bluefin, big eye, yellow fin, frozen or fresh, and the ease and convenience of canned and pouch. Shrimp: white, pink, brown, tiger, spot prawns, wild and farmed from nearby and far, warm water or cold water, frozen or fresh. All of these and more are worth exploring. None of this to mention the abundance of flaky white-fleshed fish available to us: cod, pollock, haddock, hake, cusk, tilapia, catfish, dogfish, swai, basa, just to name a few of dozens. Just in this paragraph alone, I’ve listed enough to keep you interested for a month’s worth of meals without eating the same fish twice.

Now I admit that such diversity can be intimidating. But that’s why a book such as this is so useful, timely, and appreciated. The recipes herein draw inspiration from all over the world. Some give us inspiration for cook-ahead meals to deliver convenience throughout the week, others are fun, celebratory dishes that will help you explore new flavors and expand your culinary repertoire. What I like most of all is that this book is organized to get us thinking about incorporating seafood throughout the day. Healthy eating starts with the first meal and is the sum of all that we eat throughout the day. So let’s take opportunity to make sure seafood is on our breakfast menus!

To eat healthfully, sustainably, and deliciously is easy. High quality seafood straight from the freezer makes it a convenience food, giving us a great option to fit into our busy, chaotic lives. Fresh seafood handed to us by knowledgeable counter staff is an exciting way to eat with the seasons to celebrate our regions and possibly your local fisheries. So commit to putting seafood on your family’s table at least twice this week, and three times next week and every week thereafter.

There are oceans (and lakes and ponds and rivers) of delicious opportunity. So let’s dive in.

Bon appetit.

Turmeric Smoked Salmon Breakfast Bowl

Makes 2 servings

Our Smoked Salmon Breakfast Bowls are satisfying and nutritious, the flavors really pop, and it’s perfectly on point for brunch (or any other occasion, really). You’ll be “bowled” over by this recipe!

Ingredients

1 large sweet potato, peeled and cubed
2 teaspoon olive oil, divided
3 teaspoon turmeric, divided
1 cup uncooked quinoa
2 eggs
2 cups mixed greens or spinach, torn
8 ounces smoked salmon
2 radishes, thinly sliced
½ avocado, peel and pit removed, sliced lengthwise
1 tablespoon hemp seeds
8 ounces plain Greek yogurt
1 teaspoon cayenne pepper or harissa
Juice of half a lemon
Salt and pepper, as desired

Instructions

Preheat oven to 400°F. Drizzle 1 teaspoon of olive oil on baking sheet. Place sweet potatoes on baking sheet, drizzle with remaining 1 teaspoon olive oil and sprinkle with 2 teaspoons turmeric, salt and pepper; roast for 15 minutes, flipping halfway through cooking time.

Fill medium saucepan with 1½ cups of water and bring to a boil. Add quinoa, stir once; then cover and simmer for 12-15 minutes or until water is absorbed and quinoa is fluffy.

While sweet potatoes and quinoa are cooking, cook eggs. Add eggs to small saucepan and cover eggs with water; bring to a boil over high heat. When water boils, lower heat to simmer and cook for 6 minutes or until desired doneness. Remove and rinse with cold water. Carefully crack and peel; set aside.

In a small bowl, mix yogurt with remaining 1 teaspoon turmeric, cayenne pepper or harissa, lemon juice and a dash of salt and pepper.

To assemble bowls: Divide hot quinoa evenly between two bowls. Place greens or spinach on top, followed by sweet potatoes, smoked salmon, avocados and radishes. Slice eggs in half and place one in each bowl and top with hemp seeds. Drizzle with yogurt-turmeric sauce. Serve immediately.
Shrimp and Egg Breakfast Burritos

Makes 4 servings

Start the day with our take on a big ole shrimp burrito. This take on a “Western omelet” packs in plenty of protein thanks to the shrimp and eggs, as well as nutrients like selenium, vitamin B-12 and omega-3s. AND you can make it ahead of time!

Ingredients

1½ teaspoons olive oil, divided
20 medium shrimp, peeled and deveined, thawed
½ teaspoon ground cumin
¼ cup sweet onion, finely diced
1 medium green bell pepper, finely diced
6 eggs
½ teaspoon turmeric
½ cup shredded sharp cheddar
4 (10-inch) whole wheat flour tortillas
½ cup plain Greek yogurt or sour cream
½ cup prepared salsa + more for topping, if desired
1 avocado, diced
Salt and pepper, to taste
Hot sauce, optional

Instructions

Heat 1 teaspoon olive oil in a nonstick skillet over medium heat. Place shrimp in pan, and sprinkle with cumin and a dash of salt and pepper. Cook for about 5-6 minutes, or until cooked through and pink in color. Remove shrimp; set aside.

Add remaining ½ teaspoon olive oil to pan shrimp cooked in. Add onion and green bell pepper to pan; cook over medium heat about 5 minutes, or until softened.

Whisk eggs and turmeric in a bowl. Add eggs to pan with vegetables and sprinkle with cheese, salt and pepper; whisk to mix eggs and vegetables in pan. Cook until eggs are cooked through, about 3 minutes.

While eggs are cooking, lightly toast tortillas in microwave or toaster until warmed. Mix yogurt and salsa in a small bowl. Top each tortilla with the salsa-yogurt mixture, then top with eggs, shrimp and avocado. Fold burrito-style and serve with hot sauce or more salsa, if desired.

To make-ahead and freeze: Make shrimp and eggs per instructions above. Let cool, then assemble burritos without the yogurt and salsa mixture. Roll burrito-style and wrap individually in foil. Freeze burritos in a single layer on a baking sheet. Once frozen, store burritos in a large freezer-sized baggie, label with the date, remove excess air and seal. When ready to eat, remove from foil, place on a microwave-safe plate and microwave on high for 2-4 minutes, flipping halfway, until burrito is warmed through. Burritos will keep in the freezer up to 3 months.

Vietnamese Shrimp Spring Rolls

Makes 4 servings (12 rolls)

It’s hard to imagine a more refreshing appetizer or light meal than our fresh Vietnamese spring rolls, or goi cuon. Sometimes called summer rolls, these are healthy, beautiful and crunch-a-licious.

Ingredients

4 ounces vermicelli or rice noodles
18 medium, peeled, deveined tail-on shrimp
Pinch of salt
½ lemon
3 tablespoons chopped fresh mint leaves
2 tablespoons chopped fresh cilantro
1 cup baby or butter lettuce leaves
1 medium Persian or English cucumber, halved lengthwise, seeded and thinly sliced into 4-inch-long strips
1 red bell pepper, seeded and thinly sliced into 4-inch-long strips
1 large carrot, peeled and thinly sliced into 4-inch-long strips
12 (8-inch) rice wrappers
1 teaspoon finely chopped peanuts (optional)
Store-bought or already-prepared Nuoc Cham, hoisin or peanut dipping sauce(s)

Instructions

Set up (or mise-en-place) prepared vegetables, herbs and peanuts, if using; set aside.

Prepare noodles according to directions; set aside. In same pot, fill half full with water and bring to a boil. Add shrimp, salt and juice from lemon, remove pot from burner and let stand on unheated burner for about 5 minutes, or until shrimp are cooked through and a pinkish orange color. Drain, then let cool, remove tails and cut in half length-wise.

For rice paper wrappers: Fill a large shallow bowl with water. Dip one rice paper wrapper into water to soften, lay wrapper flat on prep surface.

To assemble spring rolls: Place a lettuce on lower third of wrapper, top with a small mound of noodles, layer on a few carrots, cucumber strips and peppers and herbs. Fold lower edge of rice paper around fillings. (If not stretchy, let wrapper sit for another minute or two and it will become more pliable.) At seam, add three shrimp halves, cut side up, then fold in sides of rice wrapper and finish rolling wrapper tightly to form a tight cylinder.

Repeat to make 12 total rolls, and cover with damp paper towel until serving. Serve with small bowls of favorite dipping sauce(s) and chopped peanuts, if using.
Air Fryer Mac ‘n’ Cheese Tuna Bites

Makes 4 servings

Mac plus cheese always equals awesome! Add some healthy tuna and you have a protein-packed bite-sized, crunchy snack or app. Kid-friendly, picky-eater approved!

Ingredients

- 2 cups uncooked whole grain elbow macaroni
- 2 cups cheddar cheese, shredded
- 1 cup mozzarella cheese, shredded
- 1 cup 2% milk, divided
- ¼ teaspoon turmeric
- 5 ounces canned or pouch tuna, drained and flaked
- 1 egg
- 1½ cup Panko breadcrumbs
- 1 tablespoon grated Parmesan cheese
- 1 teaspoon paprika
- ½ teaspoon garlic powder
- Nonstick cooking spray
- Favorite prepared tartar or marinara sauce for dipping

Instructions

Cook macaroni according to directions; drain. Add macaroni back to pot, and add cheddar cheese, mozzarella cheese, ½ cup milk and turmeric; mix well. Add tuna; stir to mix well. Let sit until cool enough to handle with hands.

While mac-n-cheese is cooling, spray Air Fryer basket with nonstick cooking spray and preheat Air Fryer to 400°F for 5 minutes.

Place remaining ½ cup milk and egg in a small mixing bowl; whisk until well combined. In another small mixing bowl, place Panko breadcrumbs, Parmesan cheese, paprika and garlic powder; mix to combine.

Using a spoon, scoop about 2 tablespoons of mac-n-cheese and roll tightly into a ball (should make about 12 smaller or 16 bigger balls). Roll each ball in the milk and egg mixture until well-coated, then roll in Panko mixture until all sides are coated. Reshape into a firm ball (may need to squeeze some liquid out to reshape).

Place balls in Air Fryer basket and spray each mac-n-cheese ball with nonstick cooking spray. Be sure not to overlap balls (cook in batches, if necessary). Cook for 5 minutes or until golden brown on top; then turn each ball, spray other side with cooking spray and cook for another 4 minutes, or until bites are crispy and golden. Enjoy warm with your choice of sauce.

Smoked Salmon Deviled Eggs

_Makes 6-8 servings_

Smoked Salmon Deviled Eggs are small, savory bites—packed with protein and bursting with flavor. They are elegant enough for a festive gathering, yet simple enough for an afternoon snack. Thanks to easy swap-outs like Greek yogurt in place of mayonnaise, these are a lighter take on the traditional deviled egg recipe.

**Ingredients**

- 8 large eggs
- ¼ cup nonfat plain Greek yogurt

1 mango, peeled, pitted and diced
1 jalapeno, finely chopped
2-3 tablespoons lime juice
¾ cup cilantro, chopped

While oven is preheating, lay out puff pastry on a lightly floured surface, and flour the top of the dough. Roll out puff pastry and cut out 4-inch circles using rim of a glass or small bowl. Collect dough scraps and roll out to cut more circles. Flour the circles lightly and place circles on baking sheet.

Place a tablespoon of crab filling in center of each round. Lightly moisten the inside of the circle with water. Fold over to enclose filling into a half moon. Using a fork, gently press the edges of the dough to seal.

It’s amazing how just a few simple ingredients—shrimp, olive oil, lime juice, chili powder and cilantro—blend together perfectly to take tacos to a new level. Wrap the grilled shrimp up in a warm flour or corn tortilla, add some avocado, cheese and hot sauce (for added heat), and you’ve got yourself a scrumptious shrimp taco that tastes better with each bite.

**Ingredients**

- 1 tablespoon olive oil
- 3 limes, juiced
- 2 cloves garlic, minced
- ½ teaspoon chili powder
- 2-3 tablespoons cilantro, finely chopped
- 1 pound medium tail-off shrimp, peeled and deveined
- 8 corn or flour tortillas
- Diced avocado or guacamole (for garnish, optional)
- Cotija or feta cheese (for garnish, optional)
- Hot sauce (for garnish, optional)

**Instructions**

In a medium bowl, combine oil, lime juice, garlic, chili powder and cilantro until well mixed; add shrimp and toss to coat. Season with salt and pepper. Let marinate in refrigerator for 15 minutes. (Discard unused marinade.)

Preheat grill to medium. Place shrimp directly on grill (or use metal or soaked wooden skewers); grill for 2-3 minutes per side, until shrimp is pink and thoroughly cooked.

Warm tortillas on the grill for 1 minute per side. Distribute shrimp evenly among tortillas; garnish with avocado, cheese and hot sauce, if desired.

**PRO TIP:**

If you use wooden skewers, soak in water for several hours before adding the shrimp.
Air Fryer Thai Coconut Shrimp

Makes 4 servings

This Thai-inspired coconut shrimp assembles quickly and is then air-fried for a healthy crunch! Make the dipping sauce ahead of time so the shrimp can be served piping hot. For the shrimp, set out all of the ingredients and then set up a dredging station. Flour first, egg next and then the coconut-panko mixture. These are mouthwatering-ly good.

Ingredients - Air Fryer Thai Coconut Shrimp

1 pound medium shrimp, peeled and deveined
½ cup whole-wheat flour (can use coconut flour to make dish gluten-free)
2 eggs, beaten
½ cup unsweetened shredded coconut
½ cup panko (can use plain or whole-wheat or gluten-free)
½ teaspoon salt
½ teaspoon black pepper

Ingredients - Dipping Sauce

Juice from ½ large lime
½ tablespoon ginger, grated
1-2 tablespoons fish sauce; or soy sauce
½ jalapeno, finely diced
1 tablespoon brown sugar
Chili sauce or small red chilies

Instructions - Air Fryer Coconut Shrimp

Pat shrimp dry with paper towel; set shrimp aside.

Put flour into first small mixing bowl, beat eggs in second small bowl, and mix together coconut, panko, salt and pepper in third small bowl.

Dredge shrimp through the flour, then through the beaten eggs, and then through the coconut mixture, coating well each time. Set shrimp to side after coating.

Preheat Air Fryer at 400°F for five minutes. Lightly spray Air Fryer basket with nonstick spray. Place half the shrimp in basket and cook at 400°F until golden, about 4 minutes. Flip shrimp and spray basket again with the nonstick spray. Cook shrimp for another 4 minutes and, if needed, another 2-3 minutes beyond that. Repeat with remaining shrimp.
Instructions - Dipping Sauce

Squeeze lime juice from the half lime into medium mixing bowl. Add ginger, fish sauce (or soy sauce), jalapeno, brown sugar and red chili sauce (or chilies), mix until well combined. Serve as dipping sauce for shrimp.

Gluten-Free Acorn Squash and Crab

Makes 4 servings

This dish has fall written all over it. We took buttery acorn squash, added a creamy, cheesy crab stuffing and then baked the entire thing in the oven. While this dish is almost too pretty to eat, we guarantee you’ll want to devour it all. We created this as a main course, but it could easily be served as an impressive holiday side dish—and it’s gluten-free.

Ingredients

2 acorn squash, halved lengthwise and seeds scooped out (leaving a “bowl” in acorn squash)
1 tablespoon olive oil
4 cloves garlic, minced
2 stalks celery, chopped
1 teaspoon dried parsley
2 teaspoons Old Bay seasoning
1 pound lump crab meat, drained
¼ cup cream cheese, softened
¼ cup Parmesan cheese, shredded
¼ cup gluten-free panko crumbs or crushed gluten-free rice cereal (like Rice Chex)
Salt and pepper, to taste

Instructions

Preheat oven to 400°F. Place acorn squash halves cut side in a glass baking dish; set aside.

Heat olive oil over medium heat; sauté garlic and celery until tender, about 2-3 minutes. Add parsley and Old Bay seasoning. Remove from heat.

In a medium bowl, combine crab, cream cheese and cooked vegetables. Mix to combine all ingredients; add salt and pepper to taste.

Using a spoon, scoop mixture into squash “bowls.” Divide mixture between squash bowls. (It is okay to over-stuff “bowls.”) Top with Parmesan cheese and panko or cereal. Cover with foil; cook for 45 minutes.

Remove foil and cook for an additional 15 minutes, or until stuffing is browned and squash is tender.

Instant Pot Crab Mac ‘n’ Cheese

Makes 6-8 servings

Mac ‘n’ Cheese is always a family favorite. Add lump crabmeat and this Instant Pot recipe is fit for a Dinner Party. We used whole grain pasta, three cheeses and Old Bay seasoning for the perfect bite.

Ingredients

- 2 teaspoons olive oil
- ½ cup medium onion, chopped
- 1 pound whole grain pasta (elbows or cavatappi)
- 4 cups water
- 2-3 tablespoons butter
- ½ teaspoon kosher salt
- ½ teaspoon ground black pepper
- ½ teaspoon garlic powder
- 3-4 teaspoons Old Bay seasoning
- 2 cups cheddar cheese
- ½ cup fresh mozzarella
- ½ cup Parmesan
- ¼ cup milk (suggest using 2% milk)
- ½ pound lump crabmeat, drained
- 1 teaspoon hot sauce (optional)
- Toasted panko (optional)

Instructions

Add olive oil and onion to Instant Pot and turn pot to sauté setting. Stir and cook until the onion is tender, about 3 minutes.

Turn off sauté function. Add pasta and next 6 ingredients on list (from water through Old Bay seasoning) to Instant Pot. Place lid on Instant Pot and switch steam release handle position on lid from venting to sealing; select manual function on pot and cook contents on high for 5 minutes.

While pasta is cooking, shred all the cheeses using a grater or food processor. (Can use pre-shredded cheeses, but they will not melt as smoothly because they contain an anti-caking agent.)

When pasta has finished cooking, release pressure in Instant Pot using quick pressure release switch (turn to venting position). Add milk to pot and stir it in with the pasta. Then slowly fold in the cheeses up to 1 cup at a time, making sure the pasta mixture remains creamy between each addition.

Add crabmeat to pot, replace lid on pot and allow mac ‘n’ cheese to warm up for 2-3 minutes; then stir. Top with hot sauce and toasted panko, if desired.

The recipe starts with a simple but addictive mustard-maple glaze that adds just the right amount of sweetness and tang to the salmon while it bakes. We’ve paired it with wilted spinach with a cauliflower mash featuring a blend of cheeses, garlic and golden turmeric!

Ingredients

For Mustard-Glazed Salmon
2 pounds salmon fillet
1 tablespoon olive oil
1 tablespoon grainy Dijon mustard
2 teaspoons apple cider vinegar
½ teaspoon maple syrup
½ teaspoon dried thyme
1 lemon, cut one in half and other half sliced into 4 wedges
Kosher salt and black pepper, to taste

For Spinach
1 tablespoon olive oil
2 garlic cloves, minced
1 (5-ounce) bag baby spinach
Dash of salt and pepper, to taste

For Turmeric-Cauliflower Mash
2 tablespoons olive oil
1 head cauliflower, cut into small florets
3 cloves garlic, minced
1 teaspoon turmeric
1½ cups vegetable or chicken broth, divided
½ cup low-fat milk or buttermilk
½ cup canned white beans, rinsed and drained
½ cup shredded white cheddar
2 tablespoons Parmesan cheese, freshly grated
Kosher salt and pepper, to taste
Fresh chives, chopped (optional)

Instructions

For salmon: Preheat oven to 450°F. Cover baking sheet with foil. Place fish, skin side down, on foil and sprinkle with a dash of salt and pepper. In a small mixing bowl, combine olive oil, mustard, vinegar, syrup and thyme; whisk well. Cut lemon half in two quarters and juice one-quarter of the lemon into the sauce; mix well. Drizzle about two-thirds of sauce on salmon; set remaining sauce aside. Cook fish for 15-20 minutes, or until fish is cooked through.

For cauliflower mash: While salmon is cooking, prepare cauliflower mash. Heat oil in a large pot or Dutch oven over medium-high heat. Add cauliflower, garlic and turmeric; sauté for two minutes, until garlic is golden and fragrant. Add 1½ cups of broth; simmer uncovered for about 10 minutes or until soft. Let cool slightly. Add milk and beans; mash using an immersion blender or masher. Add more broth 1 tablespoon at a time until you reach desired consistency. Stir in cheeses, salt and pepper. Put in a serving bowl, top with chives if using and set aside while cooking spinach.

For spinach: Add 1 tablespoon oil to pot or Dutch oven used to cook cauliflower; heat over medium low heat. Add garlic; cook for 1 minute. Then add spinach; cook for 1-2 minutes, until wilted. Turn off heat and season with salt and pepper.

Plate salmon, cauliflower mash and spinach. Drizzle with remaining sauce and serve with lemon wedges.
Mediterranean Tuna Skewers

Makes 4 servings (2 skewers each)

This recipe meets our top three criteria for weeknight meals: great-tasting, nutritious and simple to prepare. On top of that, it offers all that we love about the Mediterranean Diet—fresh vegetables, lean protein and a healthy drizzle of olive oil.

Ingredients

1½ pounds tuna steak (about ½-inch thick), cut into about 24 pieces
½ cup olive oil, plus more drizzling
2 tablespoons fresh rosemary, chopped
2 cloves garlic, minced
½ teaspoon sea or kosher salt
½ teaspoon ground black pepper
1 red bell pepper
1 green bell pepper
1 red onion
18 large button mushrooms
24 cherry tomatoes
Lemon wedges, optional
12 metal or bamboo skewers (if using bamboo, soak in water for 30 minutes prior to grilling)
Prepared whole wheat couscous or your other favorite whole grain (optional)

Instructions

In a shallow bowl, combine olive oil, rosemary, garlic, salt and pepper; mix to combine well. Add tuna, cover and let stand at room temperature for about 30 minutes.

While tuna is marinating, wash and prepare veggies. Halve and remove seeds from bell peppers and cut into large chunks. Cut red onion into large chunks. Cut mushrooms in half.

Preheat grill or grill pan to medium-high.

Prepare kebabs by threading each skewer with a tomato, then begin alternating tuna and veggies on each skewer, so that there are about 2-3 pieces of tuna separated by a few pieces of veggies on each skewer; top with a tomato. Place skewers on a plate; drizzle with marinade.

Grill about 3-5 minutes, or until well-browned on one side. Using tongs, flip and cook on other side, about 3-5 minutes.

Serve with prepared whole wheat couscous or other whole grain and a lemon wedge.
Easy Broiled Lobster

Makes 4 servings

Lobster is luscious all on its own and its flavor really shines in this recipe. Prep is simple - butterfly the lobster tails, brush them with a little seasoned lemon butter and let the broiler do the work.

Ingredients

4 (4-ounce) lobster tails, fresh or frozen
4 tablespoons butter, melted
4 cloves garlic, minced
¼ cup white wine
1 tablespoon lemon juice
1 teaspoon lemon zest
1 teaspoon dried parsley or 1 tablespoon fresh chopped parsley
Salt and pepper, to taste
Fresh parsley, chopped (optional)
Lemon wedge, for garnish (optional)

Instructions

If frozen, thaw lobster overnight in refrigerator or in pot of cold water for 30 minutes or more. Pat dry with a paper towel.

Position oven rack to middle of oven, then preheat to broil. Line a baking sheet with foil, and place lobster tails on baking sheet.

Butterfly the tails: Using sharp kitchen shears, cut down the center of the top of the shell lengthwise, starting from the end opposite the tail fins, continuing down until you reach the tail but without cutting the tail. (Remove any veins, if there are any.) Cut through the top of the shell only (not the bottom shell). Run your finger between the meat and shell to loosen it and spread the meat open a little. Slightly push together the empty shell underneath and place the row of meat on top. Sprinkle lobster with a pinch of salt and pepper.

In a small bowl, whisk together butter, garlic, white wine, lemon juice, lemon zest and parsley. Brush the mixture on lobster meat.

Broil for 12-14 minutes or until lobster meat is opaque and slightly browned, or until lobster is cooked through and internal temperature reads 140-145°F. Garnish with fresh parsley and lemon slices if desired and serve immediately.

While onion and garlic are cooling, combine crab meat and next 7 ingredients (through dried parsley) in a medium bowl. Add in cooked onion and garlic. Mix until well-combined; form into 8 patties and put on a baking sheet. Cover with wax paper or foil or waxed paper; refrigerate for at least 30 minutes.

Return pan to medium heat and add 1 tablespoon of olive oil. Cook patties in single layer (cook in batches so pan is not overcrowded) over medium heat about 5-6 minutes per side, until the patties are golden brown. Serve with lemon wedges and favorite gluten-free tartar sauce. Makes 8 crab cakes.
Wild Alaska Pollock en Papillote with Chimichurri Sauce

Makes 4 servings

Grab the aluminum foil for these en papillote fillets! En papillote is French for “cooking in a pouch,” which equals a no-mess, high-flavor meal! We used flaky, tender Wild Alaska Pollock paired with a vibrant chimichurri that will kick dinner into high gear.

Ingredients

- 4 (4-ounce) Wild Alaska Pollock fillets
- 6-8 ounces halved cherry tomatoes
- 1 medium zucchini, sliced
- ⅛ cup + 1 tablespoon olive oil, divided
- 1 lime, cut in half (slice one half into 4 slices, leave other half intact)
- 1 cup fresh basil leaves, finely chopped
- 1 cup fresh parsley leaves, finely chopped
- 2 cloves garlic, minced
- ½ teaspoon crushed red pepper flakes
- ½ teaspoon kosher or sea salt
- 1 tablespoon white wine vinegar

Instructions

Preheat oven to 400°F. Place 4 pieces of heavy-duty aluminum foil (about 12” x 17”) on counter. Spray lightly with nonstick spray.

Place one fillet of Wild Alaska Pollock in center of each square. Evenly distribute tomatoes and zucchini slices around fish. Using 1 tablespoon olive oil, drizzle over fish and vegetables. Sprinkle with salt and pepper and top with one lime slice. Seal foil packets so that no steam escapes packets by folding in long ends first and then crimping the short ends.

Place on baking sheet. Bake for 18-20 minutes, or until fish is thoroughly cooked through.

While Wild Alaska Pollock is baking, make chimichurri sauce by placing basil, parsley, ⅛ cup olive oil, juice from other half of lime, garlic, red pepper flakes, salt and vinegar in a food processor or blender. Process until sauce is well-combined and chunky. (If too thick, add more olive oil 1 teaspoon at a time until desired consistency.)

When Wild Alaska Pollock is finished cooking, carefully open packets (steam will be hot!). Brush fish with chimichurri sauce and serve immediately.
Mussels with White Wine Sauce

Makes 4 servings

If you enjoy mussels at restaurants but haven’t tried them at home, please make our Mussels with White Wine Sauce! This is on the table in under 30 minutes. Rich in flavor and so aromatic, this dish will be a crowd-pleaser all summer long. Mussels are mollusks (other shellfish family members include clams, oysters, scallops, octopus or squid), and we consider them a summertime superfood. Mussels are packed with important nutrients, like protein, heart-healthy omega-3s, vitamin B-12, zinc, iodine and the antioxidants selenium and vitamin C. And a 3-ounce portion of shelled mussels serves up less than 100 calories and 2 grams of total fat.

Ingredients

2 teaspoons olive oil
4 garlic cloves, minced
2 pounds mussels, cleaned
1 lemon, juiced and zested
2 cups white wine
½ teaspoon red pepper flakes
½ teaspoon dried basil
Whole grain crusty bread or baguette (optional)
Lemon wedges (optional)

Instructions

In large pot, heat olive oil and garlic; cook about 1 minute, until garlic is fragrant.

Add clean mussels, lemon juice, lemon zest, white wine, red pepper flakes and basil.

Cover and simmer over medium heat until mussels are steamed open, about 4-6 minutes. Cook time depends on how long it takes the mussels to open—it might take less time, based on stovetop performance.

Remove pot from heat and discard any unopened mussels. Serve with crusty bread loaf and lemon wedges.
Instructions - Mussel Cleaning

When you purchase your mussels, make sure to immediately unwrap them at home so they can breathe. Discard any mussel that is chipped, broken or damaged in any way. Also, discard any mussel that is open. The mussels should be tightly closed and stored in a cool area where they can breathe.

Just before cooking, soak your mussels in fresh water for about 20 minutes. As the mussels breathe, they filter water and expel sand. After about 20 minutes, the mussels will have less salt and sand stored inside their shells.

Most mussels have what is commonly called a “beard,” also known as byssal threads. The beard is made of many fibers which emerge from the mussel’s shell.

To remove the beard, hold the mussel in one hand, cover the other hand with a dry towel, and grasp the beard; give it a sharp yank toward the hinge end of the mussel. This method will not kill the mussel. If you were to pull the beard out towards the opening end of the mussel you can tear the mussel, killing it. Discard the byssal threads.

Remove the mussels from the water. Don’t pour the mussels and water into a strainer because the sand has sunk to the bottom of the bowl; you’d end up pouring the sand back on top of the mussels. Put the mussels in another bowl of clean, cold water.

Use a firm brush to brush off any additional sand, barnacles or other oceanic attachments. Rinse the mussels under cool tap water and set aside. Dry with a towel before cooking.
Grilled Whole Sardines with Charred Rosemary Vinaigrette

Recipe courtesy of Barton Seaver, reprinted with permission from “The Joy of Seafood.”

Makes 4 servings

Thanks to our friend, noted chef and seafood expert Barton Seaver for providing this recipe for Grilled Whole Sardines with Charred Rosemary from his cookbook “The Joy of Seafood.” Make sure you serve the dish with the remaining vinaigrette, chopped herbs and lemon wedges!

**Ingredients - Charred Rosemary Vinaigrette**

6 stalks fresh rosemary
1 garlic clove, grated
2 tablespoons red wine vinegar
1 tablespoons Dijon mustard
¼ cup extra-virgin olive oil
Salt, to taste

**Ingredients - Grilled Sardines**

2 pounds whole sardines scaled and gutted
¼ cup chopped herbs, such as chervil, parsley or tarragon
1 lemon cut into wedges

**Instructions - Charred Rosemary Vinaigrette**

*Serving: 1/2 cup*

Toast the rosemary under a broiler until fragrant and crisp, about 5–7 minutes.

Remove the leaves and mash them with the garlic, vinegar, and mustard to make a smooth paste.

Whisk in the olive oil and season with salt.

**PRO TIP:**

If using a gas grill, preheat all burners to medium-high. Place the sardines on one side of the hot grates. Once they begin to char around the edges, turn off the burner directly under the fish and cover the grill to finish cooking.
Instructions - Grilled Sardines

Pour half of the vinaigrette over the fish and let them marinate for 1–8 hours.

Prepare a charcoal grill with a medium fire, concentrating the hot coals on one side of the kettle.

Working in batches, remove half of the fish from the marinade and place them on the grill over the hot coals.

Cook until the edges of the fish begin to crisp, about 2 – 3 minutes.

Gently flip the fish and brush with any remaining marinade. Lift the entire grill grate and rotate it so the fish rest opposite the hot coals.

Cover the grill and continue to cook over this indirect heat until the fish are done, another 2-3 minutes.

Repeat with the remaining fish.

Serve the fish drizzled with the remaining vinaigrette, chopped herbs and lemon wedges.

Instant Pot Seafood Risotto

*Makes 4 servings*

Before the Instant Pot, making risotto meant standing (and stirring, and stirring) over the stove. Not anymore! Enjoy this creamy, cheesy risotto packed with scallops and shrimp that you can whip up in under 30 minutes.

**Ingredients**

- 2 tablespoons olive oil, divided, plus a little extra for drizzling
- 1 small sweet yellow onion, finely chopped
- 4 garlic cloves, finely minced, divided
- 1 teaspoon dried oregano
- 1½ cups uncooked Arborio rice
- ½ cup white wine
- 3 cups vegetable broth
- ½ cup Parmesan cheese, divided

Add wine and stir until absorbed; deglaze bottom of pot. Add broth and ¼ cup Parmesan. Lock lid on Instant Pot and ensure that vent is sealed. Select manual setting, adjust pressure to high, and set timer for 9 minutes.

While risotto is cooking, sauté the scallops: Heat remaining 1 tablespoon olive oil in large skillet over high heat. Add scallops to hot oil and cook them undisturbed until golden brown (about 2 minutes). Turn scallops and cook until cooked through (about 1-2 minutes). Set aside.

When Instant Pot timer goes off, turn vent to quick-release to allow the pressure to normalize. Open lid carefully. Stir in shrimp and let the risotto stand, until the shrimp are pale pink and cooked through (about 2 minutes).

Serve risotto in bowls. Top risotto with seared scallops and remaining Parmesan and parsley. Drizzle with a little olive oil and add salt and pepper, to taste.
